**Message #4**

**We are just 4 days from the beginning of the Field Days  
aboard USS ORLECK**

This is the list of those that have signed up for the Field Days on-line and will be in attendance. The number is over 70. That is a very good number. There would have been 12 more but they had to withdraw for personal and medical reasons. There will be more from the Lake Charles area who have not yet registered. Thank you for volunteering your time and money for this worthy cause. (and remember your expenses are tax-deductible-give a list of your milage and other costs to Dawn at the Museum and she will provide you with a form for use when doing your taxes.)

If you know of any who are attending but have not registered, have them go to the [registration on-line form](#) and do so. It will help with numbers for food decisions and also for giving credit to those who participate.

When you look at this list if you see any errors or information that should be added contact Bob Orleck at [bob@ussorleck.com](mailto:bob@ussorleck.com). If you do not see your name or a name of someone you know who is coming, let Bob know so he can correct it.

Again, thanks to everyone who is doing this work on the USS ORLECK DD 886, a wonderful US Warship that is worthy to be saved. Look forward to seeing you all soon.

Isn't anyone curious about who the mystery guest is? Hint: You will notice that the names are in alphabetical order but "guest" is out of order. The name if actually entered would fit where the word "guest" is and would be in order. As you can see the name is between Hinger and Hudson. Hint: From the same state where another Turkish ship is a museum, the USS RAZORBACK. Second Hint: She is the wife of a great former Governor of Arkansas. Next post will tell you but you probably already have seen or know.

Bob Orleck
